

Fast...Easy...*Innovative*

We welcome the opportunity to show how we can provide quality protection for your self-propelled irrigation and farm equipment. For an accurate analysis of your insurance needs, provide your local agent with the following:

- Value and description of equipment
- Loss history
- Location of equipment

Leading the Way

At Mid-America Risk Managers Inc. (MARM), years of experience and innovation have helped us lead the way in meeting the insurance needs of mobile agricultural equipment owners like you. We provide superior protection for your irrigation equipment and key farm machinery like pivots, tractors and combines. This insurance protects against weather-related events including wind, lightning, flood, earthquake and other catastrophes like collision, collapse, fire, theft, as well as mechanical and electrical failure. In addition, losses are settled at replacement cost without depreciation, not depreciated due to age.

Our customized approach combined with our extensive knowledge and commitment to premier service, ensures you will find no better solution to provide protection for your investment than MARM.

Our Mobile Agri Equipment Insurance Policy Features:

- ☐ Special perils, including flood, collapse, collision, theft and earthquake
- ☐ Replacement cost loss settlements - No depreciation partial loss - Full payment on total loss up to the policy amount of coverage scheduled
- ☐ Mechanical and electrical failure
- ☐ No age restrictions on pivots
- ☐ Standardized deductible on all covered losses per occurrence
- ☐ Protection provided by A++ VX carrier by A.M. Best

Refer to policy wording for actual coverage.
